Attn: VIN Coordinator

Gentlemen:

Attached are three copies each of our Revision and Appendix Log and page 32 of Appendix I to Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number.

As mentioned in our original correspondence to your agency, dated April 2, 1980, Appendix I supplements the second section "Vehicle Descriptor Section" of Suzuki Engineering Standards (SES-N4009) Vehicle Identification Number. This information will assist in providing your agency with a clear explanation of the five characters contained in the second section of the Vehicle Identification Numbers that will be affixed to our products.

This submission represents the addition of the LS650P and LS650F model motorcycles to our product line.

Sincerely,

U.S. SUZUKI MOTOR CORP.
